JOSIAH TURNER, Jr., EDITOR.

REPORT OF THE SECRETARY OF WAR.

The strength of the army on the 30th of September was 48,081, which by the 1st of January next, will be reduced by the expiration of term of service alone, to about 43,000. All volunteer officers except one have been mustered out of service.

It may be reasonably expected that a considerable reduction of the infantry of the army may be made within the next year without detriment to the interests of the country. I recommend that such reduction be authorized by law to be made gradually by ordinary casualties, by discharge of incompetent and unworthy officers, and by consolidation of regiments. I also recommend that the four regiments constituting the Veteran Reserve Corps be disbanded, officers unfit for active service to be retired, and all others to be transferred to active regiments.

The report of the Quartermaster General shows the total expenditures of that department, during the fiscal year ending June 30th, 1868, including claims for stores taken for the use of the army during the war, to be $36,506,881 53. Claims for property taken during the war have been allowed to the amount of $500,313 28; rejected, $2,654,430 38; and are still pending to the amount of $6,905,691 13.

In the national cemeteries 316 233 remains of soldiers have been collected, of which 175,764 are indentified. The total cost has been about $2,700,000.

In the Medical Department the actual expenditures during the fiscal year were $842,134.20, and the balance on hand was $1,473,792.20, on the 30th of June last.

The disbursements for reconstruction purposes have been $2,261,475.02. There remains an available balance of $467,626.46 which, it is believed, will cover all future expenses.

During the year, claims for additional bounty were allowed to the number of 241,992, involving an expenditure of $23,649,157 78. Claims were rejected to the number of 19,407, and 109,104 were still unsettled at the close of the fiscal year.—Since the date of the act 435,199 claims have been received, 387,001 paid, 32,403 rejected, and 15,705 were yet unsettled at the date of the Paymaster General's report. The total disbursements on these claims have been $37,764,774.78, to which must be added the claims settled by the accounting officers of the treasury, bringing the aggregate up to more than $54,000,000.

Large reductions of the officers and agents of the Freedmen's Bureau have been made during the year, and arrangements are in progress to close it up by the 1st of January next, except the educational and claims divisions. The abandoned lands yet in possession of the bureau are mostly worthless for cultivation, and will be restored at once or dropped from the returns.

The actual current expenses of the War Department for the last fiscal year were $68,743,094.71, to which is to be added the sum of $9,961,476.43, old war debts paid during the year, making the total expenditures of the department $78,704,591 14. The appropriations for the present fiscal year were $35,400,557.47; the estimated deficiencies for the current year are $13,975,400. It is estimated ha the sum of $65,682,388 85 will be required for the expenses of this department for the fiscal year ending June 30, 1870. There will be a surplus of $60,940,221 81 from unexpended appropriations to be paid into the treasury at the close of the present fiscal year.

THE COMING PEACE.

Troops," says Grant, hearing the pack. "The troops on the plains are all needed; troops are still needed in the Southern States." "Troops," says Sherman. The Indians must be reservationed and this "desired result can only be obtained by coercion." "Troops," says Brevet Major General Davis, from Alaska, and dwells on the needlessness of a civil government for the Territory at present.' 'Troops,' says Brevet Major-General Ord, from Arizona; 'an *increase of the force*, with a view to more energetic operations against the Apaches—the worst of all Indians is recommended by the division commander, '*who speaks highly of the agricultural capacity of the Territory.*" Ah! he does, does he? Then let him grow his crop of armed men on that fruitful soil. "Troops," says Thomas, from Department of the Cumberland; "no improvement in the state of public and social affairs." and "the necessity for the presence of troops is as "great as heretofore."—"Troops," says Stoneman from Virginia; but then, for a wonder, he wants no more, finding "two regiments of infantry and one company of artillery" quite sufficient for the birth-place and tomb of Washington.—"Troops," cries Meade, from the consolidated Second and Third Military Districts; "more power." I want my military finger in the civil pie. "Troops," says Reynolds, from Texas, who found it necessary for reconstruction purposes "to withdraw troops from the frontier posts 'to such an extent as to impair their efficiency for protection against the Indians'" Of course, perish the settlers, so that reconstruction live.

"Troops, troops, troops," almost every man jack among them is crying, from Lutus have peace down, all save Brevet Major-General Alvan C. Gillem, who writes: 'The civil courts have continued to dispense justice, under the supervision of the military authorities, and there has been no necessity for the use of the troops stationed in the State!" This State is Mississippi; Mississippi is not reconstructed, neither reconstructing, and, therefore, has no use for troops.

This is the bright exception. Everywhere else there comes up a roar for soldiery.—Grant heads it and Secretary Schofield claps his hemi-demi-semi quaver to its tail. There is "unusual disposition to lawlessness and crime and comparative inefficiency of civil government in those States," says he—those reconstructed States—and "the only laws of Congress providing for the employment of the military force of the United States in support of the government of any State were passed in the infancy of the republic"—for a wonder, he didn't get it nation—"with a jealous care to avoid undue interference by the national government in State affairs, and not designed for such a condition of society as now exists in the Southern States." All of which means "troops," and so the song, which began with 'troops, troops, troops,' winds up with 'troops, troops, troops.'

And this is let us have peace.—*N. Y. Herald.*

COMMODORE MEADE.—The Commodore was brought before Judge Sutherland on Tuesday. When the old Salt came into court, he was surrounded by counsel and friends on both sides, with the intent of confusing and embarrassing him. But much to the annoyance of these good people, the Judge invited the Commodore to take a seat on the bench by his side. When he stepped upon the platform in compliance with Judge Sutherland's request, he said: "Yes, I will come before the Court, and I come very much as Paul came before Agrippa. I think myself happy because I shall answer for myself this day before thee, touching all the matters whereof I am accused."

The Judge conversed with him for some time, to be able to form his own opinion.—Witnesses were then examined, and at the close, the Judge discharged the Commodore, who departed amidst the congratulations of the crowd.

A man had better take care how he indulges in outbursts of passion, or violent phrases, or peculiarities of any sort, if he happens to have kindred or friends, who may profit by his seclusion in a Bloomingdale asylum. The peculiarities of the Commodore do not appear to be of very recent date. Being of the old school and very punctilious, he carried discipline at all times to the verge of severity. It is stated that some eight or ten years ago, while in charge of a receiving ship, in New York harbor, he gave orders that no boat should approach his vessel, except the one that belonged to it. His wife, very naturally supposing that such orders were not intended to include her, employed a contraband boat to take her on a visit to her husband in his floating home. As soon as she ascended the vessel, he ordered her to be put in irons—for his orders were to be obeyed by all—irrespective of persons.—*Richmond Whig.*

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

MONDAY, DECEMBER 14, 1868.

"OLIVER ASKS FOR MORE!"

When the New York *Express*, a few weeks since, commenting upon Gov. Holden's message, remarked, "It is difficult to tell which is most to be pitied,—the people of the State or its finances,"—every one felt the force of the pithy comment. It appears, from the communication of the Public Treasurer to the Legislature, that the funds in the Treasury are virtually below zero, and that, as matters stand, the holders of our State bonds may whistle for their interest. This communication of the Treasurer, endorsed by the Governor, asking for authority to borrow, and giving as his reason therefor that such a step is *essential* to the preservation of the credit of the State, discloses a worse condition of affairs than even we had apprehended. Sad as it may appear, it looks very much as if the financial machine was about run down. We have no doubt that the Treasurer is doing the best he can, but even a *Neckar* could not stand up under such a weight as that with which he has to contend. It must have been long since painfully apparent to every rational man and lover of his State, that the sinful extravagance, wastefulness and profligacy of the party in power were rushing the State on to bankruptcy or the mournful resort of *repudiation*.

We have only space to call attention to the very proper action of the House in this matter on Saturday. We trust that the Legislature will not authorize the hypothecation of our stocks and bonds for the benefit of Wall Street, and that it will not delegate such fearful power to the hands of any man, as that *recommended* by the Governor and the Public Treasurer!

SPAIN AND CUBA.

The telegraphic advices from Spain have been full of fighting for several days past. Cadiz is in open revolt against the new government, and there are serious movements, in various other quarters, betokening a revolution *against* the revolution by which Queen Isabella was recently dethroned. If the new revolution progresses to any considerable extent, we may look for acts of great atrocity, as Spain is almost in the very rear guard of European civilization, and the Spanish character is, inherently, vindictive and cruel.

It is palpable that the Provisional government, erected after the flight of the Queen, and which *our* government has been in such hot haste to recognize, is a complete failure. Prim, its master-spirit, though a man of genius and of apparently patriotic impulses, has evidently let slip the golden opportunity of paving the way for popular government. The attempted stride from a very rigid monarchy to Republican government was too sudden and great for such a people, and has eventuated, as might have been expected, in tumult and anarchy.

While these events are transpiring in Spain, bold and influential men in her island dependency off our Southern coast have seized the opportunity to strike once more for Cuban freedom. The Spanish troops have been driven out of the interior, and the insurgents have won several brilliant successes. The former cannot be efficiently reinforced, owing to the revolutionary state of affairs in their own country, while the latter are increasing their numbers day by day, and hold now, according to last accounts, nearly one half of the island, with the exception of the seaboard, which they have not captured, from want of the requisite armament to keep it. The success of the Cuban "rebellion" is, therefore, perhaps, but a question of time; and, if successful, then will come the question of annexation to the United States, unless "reconstruction" frightens the revolutionists from the dangerous venture.

Of course the Cuban movement excites the liveliest sympathies of those consistent individuals, who regarded the attempted Southern revolution as a great crime, and would now affix the most degrading penalties on those who were engaged in it!

For our own part, we don't care whether Cuba shall be revolutionized or not. We don't care to see her a part of this country, until this country shall be a great deal better than it is. Our country seems to have a great deal more territory than it can control, or than can control itself, in a proper manner. We don't think that Cuba, with her vast preponderance of negroes, all set free, would be a valuable accession to us.

In an interesting work on Venitian History, we read that, after one of the great wars of the 14th. Century, in which Venice had part, there was a prominent noble, by the name of Morosini, who was particularly conspicuous in speculating in houses and lands which, in the unsettled condition of affairs, were brought into market at a price far beneath their real value. "What matters the fall of Venice to me, so as I fall not together with her?" was his selfish and sordid reply to one who expressed surprise at his course.

It has been truly said that History repeats itself. The expression of Morosini is the motto of the carpet-baggers of the present day, and of some who are *not* carpet baggers. "What matters the ruin of North Carolina to me, so that I am enriched?" Out upon the mercenary, detestable spirit!

We observe that the *People's Press*, a Radical paper published in Salem, in condensing the Legislative proceedings from the *Standard*, misprints the name of Mr. Stilly thus: "*Mr. Silly* introduced a bill, &c." This is unkind to the Representative from Beaufort.

THE ASCENDANCY OF "CARPET BAGGERS."

It is passing strange to us that the plain North Carolinians in the Legislature cannot comprehend and appreciate the fact that the carpet-baggers, in and out of the Assembly, have ruled, are ruling, and intend to *rule*,—and *ruin*—the State and the people. These vultures come down here to plunder and rob a people already scourged by war and oppressed through malice and revenge. They had nothing at home of reputation, or property, or influence; they came with nothing; they have all to gain and nothing to lose; their object is to get gain, and they intend to have it by any means they can apply to that end. Hence we see them creeping into office whenever it is possible; we see them, in and out of office, foremost to all extravagant schemes for public expenditures, constantly devising new offices and places to be filled by themselves, and always striking for the largest salaries. They really *rule* and *drive* the Legislature. When it is politic to do so, they apply the Radical party whip; when *this* will not do, they pay money, a part of their plunder; and when *this* won't do, they resort to all sorts of deception and duplicity. It would be laughable, were it not shameful, to hear it said on the streets, in the hotels and places of business, and in the Capitol, that, if you want anything "put through" the Legislature you must go to the "carpet baggers!"

We were amused, and indignant, too, the other day, when we met a gentleman at our office, asked his business and got the reply: "I have come to get a Railroad appropriation. Can you tell me where I can find ——; they say he puts all such measures through!" It is well known that several of these "carpet baggers," who came here with *hardly* a "carpet bag," now openly boast that they are worth thousands; and generally in State bonds. One of them recently, in a certain county, was examined on oath as to his worth, and he swore that he was worth $70,000, and mostly in State bonds, but he would not tell how he got them!

There is reason to believe that some of these carpet-baggers have gotten tens of thousands of dollars to put certain schemes and appropriations through the Legislature, —all of which the Committee, we hope, will smoke out.

Now, Republican natives of the Legislature, do you not know that what we here state is substantially true? Have you not seen, with your own eyes, what we here call to the public attention? Why will you tolerate it? You know that it is wrong; you know and feel that these men are driving you, your State and people, to destruction as fast as time flies! Why will you not assert your manhood, and dignity, and self respect? You know, as well as we do, that these carpet-baggers don't care if they ruin the State, and impoverish and dishonor us, and you, too; indeed, they will be glad to do so; they will laugh and mock at our calamity, and *yours*, too, and, when the evil day comes, they will go back to their places of abode at the North, and just at your stupidity and folly.

Native Radicals! You are, at least, North Carolinians. We beg you to consider what we have here said, in no spirit of ill feeling. For your own sake, for the sake of decency, if not of patriotism, proclaim and maintain your manhood and right to direct the affairs of your own State, without regard to carpet-baggers and their baleful influences. Do so, even if they say you are "*disloyal*."

INSECURITY OF OUR JAILS.

We hardly pick up a paper now-a days, from any section of the State, that does not chronicle a case of jail delivery. This evil has grown to be so common as to excite grave and general enquiry as to its cause.—The explanation cannot be found in the supposition that our county jails are more insecure, in point of actual construction or repair, than they have heretofore been, for, ordinarily, owing to the greater necessity for their being rendered safe, this *has* been attempted. Whatever the cause, it is a serious fact that criminals, all over the State, are constantly effecting their escape, and many of the thefts and other outrages, of which we have daily accounts, are doubtless traceable to these escaped and hardened offenders.

The real explanation of the evil to which we allude is perhaps three-fold. In the first place, as one of the legitimate results of Radical rule, the number of violators of the law is very much greater than it has ever been before in the history of the State, and the combinations to break jail are therefore more formidable. Secondly, on account of this greater number, (generally of the negro population,) and that diminished regard for the sentences of the law which is another of the fruits of Radicalism, there is more of outside collusion in assisting these escapes. And, in the third place, there is too much reason to apprehend that we have, in many instances, as still another result of Radical rule, a class of *officers of the law*, who are not above suspicion, themselves, of complicity in the premises.

We do not know that the erection of a Penitentiary, with its ample *play grounds* of 8,000 acres, will remedy the matter. But something must be done to give to the punishments of the law their ancient *certainty*, or the consequences cannot fail to be otherwise than most deplorable to the community at large.

THE LEGISLATURE.

This body has been in session four weeks, to day, at a cost to the State of *not less* than $36,000. If it has accomplished anything beyond paving the way for an immense increase of the indebtedness of the State and wasting the people's money, we are not aware of it. A great deal of time has been spent in *wadding*, or attempting to wade, much of which the Code Commissioners have been paid $600 a month *for doing*. So we go, under Radical rule.

The Goldsboro' *Messenger* continues, each day, to give accounts of most atrocious conduct on the part of Gen. Miles' pets in Goldsboro'. The insolence and lawlessness of the negro soldiers stationed there appear to be entirely unchecked and are insufferably outrageous.

Legislature of North Carolina.

SENATE.

SATURDAY, Dec. 12, 1868.

The Senate was called to order at 11 o'clock.

MEMORIAL.

Mr. Lassiter presented a memorial signed by Messrs. Pearce and Best, signifying their intention to prepare a new map of the State, and requesting the General Assembly to give them authority to examine the official documents of the State, with a resolution favorable to the memorialists; which was adopted.

REPORT OF COMMITTEE.

Mr. Rich, from the Committee on Internal Improvements, to whom was referred a bill to amend the charter of the Chatham and Coalfields Railroad Company, reported favorably.

Mr. Bowman moved a suspension of the rules, in order that the bill might be put on its several readings.

Mr. Sweet said that he presumed that no one in the General Assembly would object to as many Railroad charters being granted as there are days in the year, *provided* they do not ask for an appropriation of money from the State; but, to refer to the old saying, "a burnt child is afraid of fire." It is true that this bill does not ask for an appropriation, but he would be agreeably surprised if there does not come another bill asking for it, *and for millions*.

Mr. Robbins thought the Senator's fears were groundless, so far as *this* bill was concerned. He felt an interest in this Road, but, like the Senator, if any appropriation was asked for, he should feel compelled to vote against it, as he should vote against any measure calculated to increase the already enormous debt of the State. He hoped that, *because* this did *not* ask for anything, it would not be defeated. He was aware that it was rather *unpopular* to present a bill which asked for *nothing*.

Mr. Beeman's motion was adopted and the bill passed its final reading, unanimously.

BILLS.

By Mr. Moore, of Carteret: A bill in favor of the late Sheriff, J. H. Davis, Jr., of Carteret; which was placed on Calendar.

By Mr. Moore, of Yancey: A bill to establish a Turnpike Road from Marion, McDowell County, by way of Bakersville and Burnsville, to Asheville, Buncombe County. Referred to the Committee on Internal Improvements.

On motion of Mr. Cook, the bill to consolidate the Atlantic & North Carolina, and the North Carolina Railroad Companies, was taken up.

The 2nd. section reads as follows, to wit: "That at the first meeting of the stockholders of the Corporations aforesaid, a majority of the stock being represented in person, or by proxy, each of said Companies shall decide, by a majority vote, according to the method prescribed in its charter, &c."

Mr. Graham moved to amend said section, 1st line, as follows; Strike out "*the first*" and insert "*a*," and insert individual between "the" and "stockholders"; and in the 3rd and 4th lines, strike out "*according to the method prescribed in its Charter*," and insert "*of the individual stockholders*."

Messrs. Graham, Robbins and Welker supported the amendment. Messrs. Osborne and Welker proposed that the bill should be postponed until the Committee in reference to selling the State's interest in Railroads, &c., could report.

Messrs. Sweet and Smith opposed the amendment, and it was lost by the following vote, viz:

AYES—Messrs. Barrow, Barnes, Beasley, Beeman, Epps, colored, Graham, Harrington, Love, Mason, Melchor, McLaughlin, Osborne, Purdie, Robbins, Scott, Shoffner, Welker and Wynne,—18.

NAYS—Messrs. Bellamy, Brogden, Blythe, Colgrove, Cooke, Davis, Eaves, Etheridge, Faulkner, Hayes, Hyman, colored, Lassiter, Legg, Long, Martindale, Moore, of Carteret, Rich, Richardson, Respass, Smith, Sweet and White—22.

The Bill then passed.

Bill to amend the Charter of the Williamston and Tarboro Railroad Company passed its third reading without discussion, viz:

AYES—Messrs. Barrow, Beasley, Beeman, Bellamy, Burns, Blythe, Colgrove, Cook, Davis, Eaves, Etheridge, Epps, colored, Forkner, Harrington, Hyman, colored, Lassiter, Lindsay, Martindale, Moore, of Carteret, Rich, Richardson, Respass, Smith, White, Wynne, and Wilson—26.

NAYS.—Messrs. Barnes, Brogden Graham, Legg, Long, Love, Melchor, Moore, of Yancey, McLaughlin, Purdie, Robbins, Scott, Shoffner, Sweet and Welker.—15.

Bill to be entitled an act to divide and separate the Eastern and Western divisions of the Wilmington, Charlotte and Rutherford Railroad came up.

Mr. Robbins opposed the passage of this bill in a very able and lengthy speech.

[Mr. Robbins has consented to write out his speech in full, at our request, and it will appear in a few days.]

Messrs. Sweet and Long also opposed the passage of the bill, as it involved an additional appropriation of $2,000,000.

Messrs. Smith and Cook urged its passage, and the bill passed its third reading, as follows, viz:

AYES—Messrs Beasley, Beeman, Bellamy, Burns, Blythe, Colgrove, Cook, Davis, Eaves, Etheridge, Epps, colored, Forkner, Harrington, Hyman, colored, Lassiter, Lindsay, Love, Mason, Martindale, Moore of Carteret, Moore, of Yancey, Rich, Respass, Smith, Stephens, White, Wynne and Wilson—28.

NAYS.—Messrs. Barrow, Barnes, Brogden, Hayes, Legg, Long, Melchor, McLaughlin, Osborne, Purdie, Richardson, Robbins, Sweet, Shoffner and Scott,—15.

Mr. Blythe moved a reconsideration of the vote.

Mr. Cook moved to lay the motion on the table; which was carried.

Mr. Osborne gave an explanation of his vote; (which he will write out, and it shall have a place in our columns, as soon as furnished.)

A message was received from the House, transmitting a resolution proposing to hold evening sessions from and after Monday next, which was adopted.

On motion of Mr. Hayes, the bill in reference to the Supreme Court was made the special order for Tuesday next.

A message was received from the Treasurer, in reply to a resolution of inquiry in reference to the "contingent expenses" laid down in his report; which was of considerable length and was ordered to be printed.

On motion, the Senate adjourned until Monday, 11 o'clock.

HOUSE OF REPRESENTATIVES.

SATURDAY, Dec. 12, 1868.

House called to order at the usual hour. Prayer by the Rev. Mr. Brooks.

Leaves of absence were granted to Messrs. Ingram, Shaver, Hodnett, Leary, colored, Forshee, Hodgin, Ellis, Ashworth, Whitley and Wilkie.

The Chair announced Messrs. Stilley, Humphrey and Hodgin as the Special Committee on the Secretary of State's report, in regard to the Code of Civil Procedure.

Mr. Sinclair moved that leave of absence be granted to any member of the House, who may desire it, from Saturday evening, the 19th., to Monday, the 21st. Lost.

Mr. Bowman moved that the rules be suspended, and that Mr. Malone's resolution, in regard to raising a Committee of Conference, to confer with the Tennessee Legislature in regard to Railroad enterprises, be taken from the Calendar. Carried.

The resolution (published before) was read, when

Mr. Malone took the floor in explanation of the resolution and said that the object of this resolution is to enable this body to have an accurate idea of the various projects of Railroads being now constructed by the State of Tennessee in the direction of Western North Carolina.

The object is to facilitate the building of this great system of Railroads, by which the trade from the great States of Ohio, Kentucky, Western Virginia, and East Tennessee shall pass through the State of North Carolina to the nearest point on the Seaboard. While this spirit of progress in our sister State tends to our manifest interest let us avail ourselves of the opportunity to compare views. We simply propose to meet them in the city of Raleigh; therefore no expense will incur to the State of North Carolina. Our great section of Western North Carolina needs the attention of this body in order to develop our great resources—and, therein relieve our suffering people.

Mr. Welch wanted to know if this resolution would create any expense to the State. If it did, he was opposed to it.

Mr. Malone said that the resolution only raised a Committee to confer with a Committee from the Tennessee Legislature, in the city of Raleigh.

Mr. Bowman read a letter from a prominent member of the Tennessee Senate, expressing his desire for the General Assembly of North Carolina to take such action as the resolution provides.

After some further debate, Mr. Laflin moved to postpone the further consideration of the resolution until Thursday next, at 12 o'clock. Carried.

Messrs Hodgin and Malone presented the reports of their County Commissioners.—Referred.

A message was received from the Senate, informing the House of the passage of a bill for the relief of P. T. Massey and E. G. Hill, of Johnston county.

On motion of Mr. Pou, the rules were suspended and the bill passed its several readings.

By consent, Mr. Bowman introduced a bill to establish a Turnpike Road from Marion to Asheville. Referred.

Mr Sinclair, from the Committee on Private Bills, reported upon several bills, which were put on the calendar and will be noticed when they come up.

By E. W. Morris, colored: A resolution fining any member absenting himself from the House without leave. Lies over.

On motion of Mr. Ingram, the rules were suspended, and the bill to renew the charter of the Richmond Manufacturing Co. was taken up and passed its several readings, with a slight amendment in its phraseology, recommended by the Committee, to whom it was referred.

A message was received from the Senate, informing the House of the passage of the bill to provide for a registration of voters in special elections; and also of the resolution in favor of W. W. Medford, of Haywood county.

RESOLUTIONS AND BILLS.

By G. W. Price, colored: A resolution that, as doubts exist in the minds of a portion of the members of the General Assembly in regard to their term of office; therefore,

Resolved, That it is the sense of this General Assembly, that the members composing the present Assembly are elected for two years, beginning in 1868 and expiring in 1870. Lies over.

Mr. Argo renewed his resolution of yesterday, that, from and after the 14th inst., the House hold two sessions daily.

Mr. Argo moved to suspend the rules and adopt at once. Carried.

J. H. Harris, of Wake, colored, moved to amend by striking out half past 3 o'clock, and inserting half past 7 P. M.; which,

Mr. Argo accepted.

On the passage of the resolution J. S. Leary, colored, called for the yeas and nays. The call, being sustained, resulted yeas 64, nays 19.

By leave, Mr. Whitley, from the Committee on Corporations, reported favorably upon the bill to amend the charter of the city of Wilmington.

Mr. French moved to suspend the rules and put the bill on its several readings.—Carried.

The bill passed its several readings.

By Mr. Jarvis: A resolution in favor of T. A. Alexander. Referred.

By J. S. Leary, colored: A bill to amend the charter of the town of Fayetteville.

J. S. Leary, colored, moved to suspend the rules and put the bill on its several readings. Carried, and the bill passed.

Mr. Stilley moved to suspend the rules and take up Senate bill to incorporate the North Carolina Mutual Home Insurance Co., and put it on its several readings. Carried, and the bill passed its various readings without debate.

Mr. Argo moved to reconsider the vote by which the resolution ordering two sessions daily was passed.

Mr. Lidin moved to lay that motion on the table. Carried.

Mr. Estes moved to reconsider the vote, by which the bill (submitted by the Treasurer) to authorize the Treasurer to supply temporary deficiencies in the Treasury, was referred to the Finance Committee. Carried

On motion of Mr. Estes, the bill was at once taken up and put on its second reading.

Mr. Seymour said this was the first time he had read the bill. He proceeded to offer many objections to it. In his opinion, it conferred too large powers on any man, no matter what his capacity and integrity. He moved to postpone until Monday next.

Mr. Estes said he thought this a little discourteous to *him*, after a statement he had just made. He objected to parts of the bill, himself. He only wished it to pass its second reading, and then, upon its third, any gentleman could offer any substitutes and amendments they should see fit. Something has to be done to pay the interest falling due, and, if we vote down this bill, *our bonds will depreciate rapidly*.

Mr. Seymour said, while he disclaimed any intention of being discourteous to the gentleman, it was simply a matter which one member wished to pass and another did not. If it was a matter affecting his personal interest, he would most assuredly yield to the request. However, he would withdraw his motion to postpone, and moved to strike out sections 2 and 3.

The following is the bill:

SECTION 1. *The General Assembly of North Carolina do enact as follows*, To enable the Public Treasurer, in advance of the collection and return of public taxes, to raise money which may be needed to pay the interest on the public debt, and other appropriations made by law, the Public Treasurer is hereby authorized, from time to time, to borrow such sums as may be necessary to meet the wants of the Treasury, at a rate of interest not to exceed eight per cent., and on such terms, as to time and place of payment, as may be agreed on; the time of payment not to be later than the day fixed by law for the payment of public taxes into the Treasury.

SEC. 2. As collateral security for the payment of the sums borrowed as above mentioned, the Public Treasurer is authorized to mortgage or pledge all, or any part, of the stocks or bonds held and owned by the State, in or on any railroad, canal, or navigation company, in such amounts as may be expedient, and likewise any interest owned by the State, by lien or otherwise, in respect to such stocks or bonds.

SEC. 3. In case the State fails to repay the sums borrowed, or any part thereof, according to contract, the mortgagee is hereby authorized to sell, after thirty days' advertisement in at least two newspapers published in the City of Raleigh, at public auction, such portion of the stocks or bonds mortgaged, and the interest of the State in relation thereto, as may be necessary to repay said loans. And in case of such sale, it shall be the duty of the Public Treasurer to transfer and convey to the purchaser the stocks or bonds sold, together with such interests and rights as the State may own in relation to the same; *Provided*, That no sale shall take place under this act sooner than the 1st. day of October, 1869.]

After a debate of some length between Messrs. Seymour, Estes and Sinclair,

Mr. Durham said that they should not pass the bill on its second reading, for, if they did, they committed themselves to the principles of the bill. No matter what was the object intended, we go on record as being in favor of giving the Treasurer power to hypothecate all the property of the State. The people would not understand it, and he thought the object would be effected by the adoption of Mr. Seymour's motion to strike out the sections conferring such extraordinary powers on one man. He hoped and believed that if the vote came up on the whole bill, it would be voted down.

Mr. Estes: Then the House would be responsible for the depreciation that such action would have on the State bonds. He still insisted that the striking out of those sections would make the whole an absurdity. He could not see why the bill should not pass its second reading, and, on its third reading, be amended to suit the views of the House.

Mr. Seymour said he had heard that there was a scheme on foot to sell the property of the State. He thought such a measure would have come before the House on its own merits, but here it is put forward insidiously, *under the cover* of an appropriation.

Mr. Estes said he once said that the gentleman from Craven (Mr. Seymour) acted in a manner that seemed strange to his friends, but this was the strangest thing that he (Mr. Estes) had yet seen. The gentleman had reflected upon the Governor, Treasurer, and others, who recommended the bill.

Mr. Seymour disclaimed reflecting upon any one.

Mr. Malone said there was no precedent in the history of the State where it had to give a lien to borrow money. It seemed, from this debate, that the credit of the State had run low indeed. He hoped the whole proposition would be voted down.

Mr. French moved to amend by striking out, in line 6, the words "from time to time;" in same section, line 9, strike out the words "and in such terms as to time and place of;" also, in line 10, same section, the words "payment as may be agreed on." Also strike out, in section 2, line 3, the words "or pledge all or any part of the." Also, in line 5, strike out the words "in such amounts," and all of lines 6, 7 and 8; and add to section 2 the words "not to exceed one million of dollars, at their par value."

Mr. Durham had objections to the amendment. It did not say what stocks should be pledged as collaterals. There were some stocks probably not worth over 10 cents, and others worth over 50 cents. It might result that a million dollars worth of stock might be sold at a ruinous sacrifice for a debt of only a few hundred thousand dollars. He again opposed both the amendment and the bill.

After considerable debate, Mr. French's amendments were voted down, and the question recurred upon Mr. Seymour's amendment to strike out sections 2 and 3.

On motion of Mr. Estes, the yeas and nays were called and resulted in a vote of yeas 83, nays 3—(Messrs. Cherry, colored, Estes and French voting in the negative.)

Upon the passage of the bill, as amended, upon its second reading, the yeas and nays were called, and resulted in yeas 62, nays 9.

On motion of Mr. Estes, the bill was made the special order for Monday next, at 12 o'clock.

A message was received from the Senate, transmitting several bills, which were appropriately disposed of, and will be noticed when they come up.

Mr. Barnett moved to suspend the rules, take up the bill to consolidate the several acts in relation to the town of Salisbury and put it on its several readings.

The motion to suspend was put and lost.

Mr Nicholson introduced a bill to amend an act entitled an act to incorporate the Planter Bank and Salt Works Railroad Co. Referred.

On motion, the House then adjourned until Monday morning next, at 11 o'clock.

Sale of Valuable Land.

ON SATURDAY, the 19th day of this month, in my own right and as the Agent of the other parties entitled, I shall expose to public sale, at the Neuse River Mills, six miles from Raleigh, the Tract of land lying on said River and above the Peach Tree Branch, commencing at the mouth of said branch and lying North of the same, which said land was owned and occupied by the late Elizabeth Hinton, during her life time, and now belonging to the heirs of Samuel S. Hinton.

The land to be sold at so much per acre, and a survey of the same to be made. One third of the purchase money to be paid in cash, the balance in one and two years with interest. The purchase money secured by bond and good security, and the title to the land reserved or a Deed in Trust on the same if this is made. A bid received by the sellers.

Dec. 8-codtd HENRY C. HINTON.

Assignee's Sale of Valuable Real Estate.

THE LAND BELONGING to Dr. M. T. Ponton will be offered at public sale, by his assignee in bankruptcy, on THURSDAY, the 14th of January next, at 11 o'clock A. M.

The sale will take place at the residence of Dr. Ponton, the land will be put up, without reserve, to the highest bidder, for CASH, and no postponement will be made.

The land contains about sixteen hundred acres, is situated near the town of Halifax, N. C., on Great and Little Quankey Creeks, and partly on the line of the Wilmington and Weldon Railroad.

The soil is naturally free and fertile, but has been much reduced by bad tillage. There are large quantities of marl on some of the land, and all of it can be easily improved and made good Corn and Cotton land. Much of it is well adapted to truck farming, and nearly the whole of it is equal to any in America for the cultivation of the grape. To any person who desires to invest capital in "Grape Culture," no better opportunity can be offered.

The land will be sold in several separate tracts, on one of which there is the best mill site in Halifax county, affording an inexhaustible supply of water power, with building stone sufficient for the erection of dams and mills.

Dr. Ponton will take pleasure in guiding persons over the land, who may wish to inspect it with a view to purchase.

JOHN J. LONG, Assignee.

MISCELLANEOUS.

To the People of the Southern States.

NEW YORK, Nov. 3, 1868.

When the pure medicinal restorative, now so widely known as Wolfe's Aromatic Schnapps, was introduced into the world under the endorsement of four thousand leading members of the medical profession some 20 years ago, its proprietor was well aware that it could not wholly escape the penalty attached to all new and useful preparations. He, therefore, endeavored to invest it with strongest possible safeguard against counterfeiters, and to render all attempts to imitate it difficult and dangerous. It was submitted to distinguished chemists for analysis, and pronounced by them the purest spirit ever manufactured. Its purity and properties having been thus ascertained, samples of the article were forwarded to fifty thousand physicians, including all the leading practitioners in the United States, for purposes of experiment. A circular, requesting a trial of the preparation and a report of the result, accompanied each specimen. Four thousand of the most eminent medical men in the Union promptly responded. Their opinions of the article were unanimously favorable, each, as the profession, as to enhance could be placed in the ordinary liquors of commerce, all of which were more or less of an inferior, and therefore unfit for medical purposes. The peculiar aromas and strength of the oil of juniper, which formed one of the principal ingredients of the schnapps, together with the medicinal character of the combination, gave it, in the estimation of the faculty, a marked superiority over every other diffusive stimulant as a diuretic, tonic and refrigerative.

These satisfactory credentials from professional men of the highest rank were published in a condensed form, and enclosed with each bottle of the schnapps, as one of the guarantees of its genuineness. Other precautions against fraud were also adopted; a patent was obtained for the label, the latest was copyrighted, a *fac simile* of the proprietor's autograph signature was attached to each label and cover, his name and that of the proprietor were embossed on the bottles, and the corks were sealed with his private seal. No article had ever been sold in this country under the name of Schnapps prior to the introduction of Wolfe's Aromatic Schnapps, in 1851; and the label was deposited, as the trade mark, in the United States District Court for the Southern District of New York during that year.

It might be supposed by persons unacquainted with the daring character of the parties who prey upon the reputation of honorable businessmen by vending counterfeit goods under their name, that the proprietors so carefully thrown around these Schnapps would have precluded the imputations and risks of counterfeits. They seem, however only to have stimulated the rapacity of impostors. The trade mark of the proprietor has been stolen; the indorsement which his Schiedam Aromatic Schnapps alone received from the medical profession has been claimed by unscrupulous humbugs; his labels and bottles have been imitated, his advertisements paraphrased, his circulars copied, and worse than all, dishonorable retailers, after disposing of the genuine contents of his bottles, have filled them up with common gin, the most deleterious of all liquors, and thus made his name and brand a cover for poison.

The public, the medical profession and the sick for whom the celebrated Aromatic Schnapps is prescribed as a remedy, are equally interested in exposing the proprietors in the detection and suppression of these nefarious practices. The genuine article, manufactured at the establishment of the undersigned, in Schiedam, Holland, is distilled from a variety of the finest quality, and flavored with an essential extract of the berry of the Italian juniper, of unequaled purity. By a process unknown in the preparation of any other liquor, it is freed from every acrimonious and corrosive element.

Complaints have been received from the leading physicians and families in the Southern States of the sale of cheap imitations of the Schiedam Aromatic Schnapps to those markets, and travellers, who are in the habit of using it as an antidote to the baleful influence of unwholesome river water, know that cheap gin, put up in Schiedam bottles, is frequently palmed off upon the unwary. The agents of the undersigned have been requested to institute inquiries on the subject, and to forward to him the names of such parties as they may ascertain to be engaged in the atrocious system of deception. In addition, the undersigned would say that he has produced, from under the hands of the most distinguished men of science in America, proofs unanswerable of the purity and medicinal excellence of the genuine Aromatic Schnapps; that he has expended many thousand dollars in surrounding it with guarantees and safeguards, which he designed should protect the public and himself against fraudulent imitations; that he has shown it to be the only liquor in the world that can be uniformly depended upon as unadulterated; that he has challenged investigation, analysis, comparison, and experiment in all its forms; and from every one of the precautions which bears his name, seal and trademark, has come off triumphant. He therefore feels it a duty he owes to an honorable calling generally, to the medical profession and the sick, to denounce and to expose the dastardly and unprincipled conspiracies of those who, for the purpose of profit, would defraud the public and aim in his efforts to remedy so great an evil.

The following letters and certificates from the leading physicians and chemists of the city will prove to the reader that all goods sold by the undersigned are as they are represented

NEW ADVERTISEMENTS.—We ask public attention to the announcement of the Kittrells' Springs Female College, in another column. Sustaining a high reputation heretofore, it will open its next session, on the second Wednesday in February, under peculiarly flattering auspices. Rev. T. M. Jones, who leaves the Female College at Louisburg, to take charge of this Institution, is one of the most successful and admirable Instructors in the South, and an accomplished scholar. Feeling a lively interest in Female education, we take pleasure in thus directing attention to this College.

N. V. Denton and M. T. H. Peoples announce themselves as candidates for Commissioners in the Eastern Ward on a second platform.

The Spring Term of the Bingham School commences Feb. 3, 1869. Commendation of this well-known Institution is unnecessary. Its reputation, and that of the Principal, Col. Wm. Bingham, is wide spread and deservedly great. See advertisement.

Good things for Christmas!—and good things, sure enough, they are: Read the inviting invoice advertised by Douglas Bell, this morning, and go and supply yourselves for the holydays.

True to promise, Bradley & Christopher sell the public, this morning, what a goodly array of attractions they present at their handsome little establishment on Fayetteville Street.

A nice lot of Gold Hunting Watches for Ladies at Moss': Sign, of "Red Front," Fayetteville Street.

Meeting of Directors of the N. C. Home Insurance Company, at the office of the Co, this day, (Monday,) at 4 o'clock, P. M. We call attention to the advertisement, and shall take occasion hereafter to speak in full of the merits of this new *Home* Institution.

ST. MARY'S SCHOOL.—The exercises of this Institution will be resumed on the 4th of January. The Rector, Dr. Smedes, always assisted by an admirable corps of teachers, has done the State "good service" in sending forth from the walls of St. Mary's hundreds of well educated girls to adorn society and become useful women.—We wish him many years of further useful ness and his admirable school a long career of great success.

REV. DR. DUNCAN.—We had the pleasure of a visit, on Saturday, from Rev. Dr. Duncan, President of Randolph Macon College, and one of the most eminent scholars and Divines of the South. The Institution, it is known, has been removed to Ashland, 16 miles North of Richmond, and is in a highly prosperous condition. Under the auspices of Dr. Duncan, and his effective and accomplished Faculty, it is destined to grow in success and usefulness.

RELIGIOUS SERVICES, YESTERDAY.—The religious services in the city, on yesterday, were of a very impressive character,—a number of distinguished Divines, including the new Catholic Bishop of Wilmington, Rt. Rev. Jas. Gibbons, being in the city and officiating in the Churches of their respective denominations. Further notice, to-morrow.

THE LILLIPUTIANS.—The wonderful Gen. Tom Thumb and his *petite* family circle, (Mrs. Tom Thumb, her sister Miss Minnie Warren, and Commodore Nutt,) will make their appearance at Tucker Hall, on Wednesday. Here is a rare spectacle for our little folks, and we opine that the "children of larger growth" will pay the diminutive celebrities a visit also. The Bristol (England) *Press* says of the wee party:

"The performances of the miniature party are, independent of their limited stature, well worth seeing. The General's Stump Speech is one of the funniest things we have ever heard. No one can, by any possibility, help laughing at it. Commodore Nutt has, on every occasion we have paid him a visit, made us seriously ill. When Nature provided us with *sides*, it never contemplated that the *splitting* powers of a Nutt would ever be brought to bear upon them, or a little extra strength would have been provided to counteract the effect. Such irresistible comedy we have rarely seen; but when Mr. Nutt and Miss Warren, as Mr. and Mrs. Crow, got up in character, appear upon the platform, the climax is reached, and it is a difficult thing to preserve one's self intact under the influences of such mirth-provoking caricatures."

INSCRIPTIONAL.—Over the door of the Hall of the House of Representatives, our friend Watson, who is, by the way, one of the most skillful artists in his line to be found anywhere, has placed one of his advertising frames. So that the first object which strikes the eye of the approaching visitor is: "PHOTOGRAPH GALLERY." Some rare specimens may be found in the interior, which the "archives of gravity" will hand down to the future, if Watson does not.

Over the door of the Senate Chamber, the eye of the observer is struck with the words, in flaming capitals, "GET YOUR LIFE INSURED." We insist that it is not necessary to get your life insured, before entering the Senate Chamber; though Life Insurance is a good thing, and there are some excellent Companies well represented by energetic and clever Agents in our city.

AM I NOT A MAN AND A BROTHER?

It was in the shape of such an interrogation that Menard, the negro Congressman from Louisiana, presented himself last Monday in the House of Representatives at Washington. He had not yet received his credentials from the Governor of Louisiana. He was expecting, however, to receive them soon, when he will offer them to the House and test the sincerity of the radical majority which has clamored so loudly about the rights of the negro. Meanwhile this majority has betrayed the most chilling indifference to his individual claims. At first, for a long, uncomfortable time he was left severely alone upon one of the sofas in the rear of the hall. No member accosted him except Blackburn, of Louisiana. The poor fellow, annoyed at the social ostracism to which his radical colleagues from the Northern States most illogically condemned him, arose and sought in vain for an opportunity to secure a desk. Everywhere the radicals turned up their noses as he approached, and at length he felt compelled to leave the floor of the House in disgust and to seek refuge in the gallery behind the great clock, where a hundred or more of his own race were congregated and kept him in countenance. Here he was manifestly more at home than below. But so soon as he shall have received his credentials as a claimant for a seat in Congress, he will give his radical colleagues a chance to extend to him the hand of fellowship or to contradict their own lying professions of regard for his claims as man, brother and citizen.—*N. Y. Herald.*

THE EX PRESIDENT OF THE CONFEDERACY AS A PUBLIC SPEAKER.—Mr. Jefferson Davis made a speech at Leamington on Wednesday, November 25, on rising to second a vote of thanks to a gentleman who had lectured on "Buried Jerusalem" before the members of the Local Philosophical Society. Mr. Davis made various allusions to the Holy Land as the cradle, humanly speaking, of civilization, as well as Christian religion. Referring to the demolition of the Temple, he observed that, although all must regret the ruin of a structure so much connected with the earthly history of religion, yet we might be consoled with the belief that it was necessary that the Temple should fall in order that the Star of Bethlehem might be seen by all men. He expressed his gratification at hearing from the lecturer (Rev. Dr. Tristam) that the Palestine explorations had been inaugurated under the patronage of Englishwomen and executed by Englishmen. It was becoming a woman—for she was the last at the cross and the first at the sepulcher—to commence the explorations in confirmation of the great truths of Christianity. And it was well for Englishmen to undertake the work of exploration, for their blood was mingled with that of the Norsemen, with the Saxons, the teachers of the harmonious conglomeration of liberty and law, community and independence, individuality and self-well; and with the troubadour, the knightly soldier represented in the Norman. These three elements combined in Englishmen led to adventure, to love of truth, and gave the heart to do whatever the will might desire. The divine truths upon which our happiness here and hereafter was engrafted had been more and more established as science had trodden in the path of revelation. Such explorations as those which Dr. Tristam had narrated had revealed things not before fully comprehended, and show that as they progressed truth would be more and more established, "for her years are eternal."

A Philadelphia lawyer has been in Trenton, N. J., pursuing investigations in the murder case of Mrs. Hill, of Philadelphia. When the house in which the murder took place was entered on the night of the murder but one gas jet was found burning, and that had been lighted by a piece of paper torn from a copy of the Trenton *Gazette*. The paper from which the slip had been torn was found lying upon the floor, and a part of the printed name and direction still remained, the rest having been torn off.—From the letters which remained, however, the proprietors of the *Gazette*, it is said, have been able to positively identify the person to whom the paper was addressed as a resident of Trenton.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK,.....*President.*
ABRAM D. POLHEMUS,.....*Vice President.*
WILLIAM M. COLE,.....*Secretary.*
D P. FACKLER,.....*Consulting Actuary.*
DANIEL AYRES, M D. LL.D.,.....*Med. Examiner.*

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every policy issued. Should any policy-holder become unable to pay his premiums, he can thus know the cash worth of the policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d A LOAN of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

Our Afternoon Dispatches.

OUTRAGE IN INDIANA.

INDIANAPOLIS Dec. 12, M.

The Seymour Vigilance Committee, of this State, visited the New Albany jail, this morning, at 3 o'clock, and hung the Reno brothers, and Charles Anderson, and escaped before the alarm.

FOREIGN.

PARIS, Dec. 12, M.

It is asserted that the Cadiz insurrection was instigated by Isabella's emissaries.

BERLIN, Dec. 12, M.

Bismarck, in addressing the Diet, said that the fears of war, which prevailed during the Summer, had passed away.

HAVANA, Dec. 12, M.

The *Diario* reports a skirmish at Manzanillo. Ten rebels were killed, and their horses and correspondence captured. The Government loss is not stated.

Four hundred rebels surrendered. The Revolutionists contradict this and say that they are receiving reinforcements of men, arms and munitions.

Fifty young men, some of the best families, have left to join the rebels.

The Spaniards continue to supply the government with men and money.

LONDON, Dec 12, M.

No news has been received of the bombardment of Cadiz. Telegraphic communication with Madrid is interrupted.

MADRID, Dec. 12, 1868.

A dispatch, dated Thursday, says, a large number of workmen are employed by the municipality on the public works armed with carbines and bayonets fastened on sticks.

They have assumed a threatening attitude which they still maintain. The National militia are ordered to proceed against them.

Placards are posted in Estramadura, threatening to assassinate all citizens, who participate in the elections for the Cortes.

FROM WASHINGTON.

WASHINGTON, Dec. 12, P. M.

A heavy pressure is bearing to continue the Freedmen's Bureau after January 1st.

The Reconstruction Committee are reported to be at loggerheads

Judge Moses, being relieved of his political disabilities, departs for South Carolina to exercise his functions as Chief Justice of that state.

Rollins' friends urge him to withdraw his resignation as Commissioner of Internal Revenue.

A special train carries General Grant, and his attendants to Chicago, to-night.

Colfax, Stoneman, and others, visited General Grant, to-day.

It is stated, in connection with E. B. Washburne's aspirations to the Secretaryship of the Treasury, that General Grant says he is a thorough honest man.

It is stated that Caleb Cushing is abroad, authorized to buy Cuba at any price between one and two hundred millions.

FROM RICHMOND—UNITED STATES CIRCUIT COURT—WORKINGS OF RECONSTRUCTION!

RICHMOND, Dec. 12, P. M.

In the United States Circuit Court, this morning, (Underwood presiding,) the case of Sallie Anderson, colored, sentenced to death by a County Court for arson, was brought up on *habeas corpus*, on the ground that one of the magistrates composing the Court which tried her had held the office of *constable* before the war, and, being thereby disqualified, under the 14th amendment, the whole Court was illegal, and its proceedings vitiated.

Underwood *sustained* the prisoner's plea and discharged her from custody.

In the delivery of his opinion he said: "If even the Clerk of the Court was disqualified, it vitiated the proceedings."

There are one hundred and fifty-nine convicts in the State Prison, sentenced since the adoption of the amendment who may now be released by *habeas corpus* and turned loose under this decision!

The *State Journal* announces that the stay law will not be extended. It says that a general order suspending the sale of personal property till the first of May next will soon be issued, but real estate may be proceeded against after January first, as if no stay law had been passed.

FROM FLORIDA.

SOUTHERN LIFE INSURANCE COMPANY.

PURELY A SOUTHERN INSTITUTION.

PRINCIPAL OFFICES:

Atlanta, Georgia; Memphis, Tennessee; Louisville, Kentucky.

CAPITAL STOCK, $228,500.

Nett Assets of the Company, July 1st, 1868, $230,942.66.

Insures lives, and promptly adjusts and pays losses. Its principal business is with Southern States, and to them it appeals for patronage. It has ample means to fully protect Policy holders and pay all losses.

The "Southern" combines the advantage of both note and cash system, stock and mutual—such as choose to pay cash may do so and secure a non-forfeitable policy and all the advantages of a Cash Company. The privilege of a permanent loan for one-third is granted to all who desire it.

It makes investments at home in good and reliable securities, thereby tending to make money more plenty in our midst, and to aid in developing the resources of our section, and to stop the unusual drain of over SIX Million dollars, which are being sent North for Life Insurance.

Its profits are equitably distributed among Policy holders and Stockholders.

In its organization are presented men of experience in Life Insurance, and their aim will be to make the "Southern Life" the exponent of the business, enterprise and progress of the present day.

A Most Wonderful and Successful Invention!

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC
CLOTHES WASHER AND BOILER.

Awarded the highest Testimonial wherever Exhibited.

Rev. M. W. STAPLES, *Inventor and Patentee.*

THIS BOILER is self-acting, and dispenses entirely with labor and the wear of clothes. The hot suds and steam by the action of fire, are driven up through tubes poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing it perfectly without any rubbing. It has been thoroughly tested, and pronounced unequalled as a Clothes Washer, by those who have used it.

All fabrics, from the finest laces to the bed-blanket can be washed perfectly and with ease and without the aid of the rubbing-board. For Flannels it is invaluable, as the rubbing, rolling and pressing process must necessarily full them more or less.

It is truly a labor and clothes saving invention. Washing will no longer be a hardship, and washing day no longer a terror and a dread to housewives.

The invention can be used in any boiler, and the low price of the article places it within the reach of every family.

The saving in the wear of clothes will soon pay for the outlay.

It is estimated that 200 to 300 gallons of boiled suds pass through the clothes in thirty minutes; this being the longest time required for cleansing a boiler full of clothes.

Hundreds of these Boilers are being sold each week, giving perfect satisfaction.

Every Boiler sold guaranteed to do all we claim

ANDREWS,

THE CLOTHIER,

ONE DOOR SOUTH OF TUCKER HALL,

Is the recognized leader of the

Retail Clothing Trade in Raleigh.

Strangers in the City will find it to their advantage to call in and get a

WINTER OUTFIT.

THE REASONS WHY:—Here is the LARGEST ASSORTMENT in Raleigh,

Here is the STYLE;

Here the "ONE PRICE" system is strictly adhered to;

Here are the LOWEST PRICES in the City;

He sells for CASH; therefore, high prices are not essential to success. The man who pays his money at this House contributes nothing towards paying bad debts made by others who "never mind the price."

Great pains taken in fitting the customer, and polite attention shown under all circumstances.
